

Cabin Club Features:

The club is supervised by a trained leader.

All Staff are First Aid trained.

To help make childcare more affordable we take employer childcare vouchers.

There are never less than four members of staff on duty; ensuring staff/child ratios are observed.

The club is specifically aimed at meeting the needs of families attending Longfields Primary School.

There is always a happy, friendly and secure atmosphere.

We encourage and welcome feedback and suggestions.

Longfields Primary School

Cabin Club

Breakfast and
After School Care

'Providing high quality
out-of-hours care within a safe,
secure and friendly environment'

How it works:

The school offers wrap around care from 8:00a.m. until the start of the school day and then After School care from 3:15p.m. until 5:00p.m. or 6:00p.m.

We are able to offer places for up to 50 children for Breakfast and 32 for After School Care.

The children will get a healthy choice for breakfast and/or tea, and be able to play with our wide range of activities in the safety of their school environment. The tea offered is a light snack to see them through until home time. (Menu Available)

The children are encouraged to give their club an identity by helping to choose equipment and resources throughout the year and are able to display their artwork and crafts within 'the cabin'.

We provide a range of opportunities for the children that are appropriate for their ages with the chance to relax and unwind within an environment that mirrors our school values and caring ethos.

Those attending the club will still be able to access other teacher led after school clubs and will be taken over to Cabin Club when they have finished.

Healthy Options:

The children are provided with a healthy choice of cereals, fruit and toast for breakfast. Tea is also a healthy light meal, either hot or cold. The children are consulted when devising menus and getting their help to make the food is an occasional activity.

The club is also able to use the extensive play equipment within the grounds of the school and has its own designated garden area.

We also have had an extension this year "The Lodge" which is used during morning sessions and when the weather is not so good. There are a range of activities in this space including a tv and access to a Wii, which is proving very popular! Its also used for "Cinema Nights" or a quiet space to chill if its noisy in the main cabin.
